**"It's not just the quality of the speakers, it's the quality of the attendees that make the HVAC Training Symposium a special event. There has never been an event like this one that attracts so many of the industries top techs, opinion leaders, and top technical talent. This is the group that will carry the industry forward."**

**JIM BERGMANN**  
President of measureQuick

**Over the past 40+ years I have never seen a better training opportunity for Florida techs. Two days of great speakers and a third day of hands-on experiences. This is an incredibly unique and special event.**

**RICK SIMS**  
Former FRACCA president

**What a fantastic event. Just coming off a pandemic lockdown, it was amazing to get out with out like mindedbrethre from the HVAC industry. I had the pleasure of speaking, and the audience was great. I highly recommend this event. It was well planned and thoughtfully executed. Thanks again to all who were involved**

**JOHN ELLIS**  
Field Service Trainer and HVAC business owner
